EDUCATION

- **National Institute of Technology, Delhi** Delhi, India
Bachelor of Technology – Computer Science and Engineering; CGPA: 8.99 2023 – 2027
- **Govt Model Sr. Sec School** Chandigarh, India
Intermediate; Percentage: 95.8 2021 – 2023
- **Valley Public School** Chandigarh, India
Class 10th; Percentage: 98 2021

TECHNICAL SKILLS AND INTERESTS

- **Programming Languages:** C, C++, SQL, HTML, CSS, JavaScript, Python
- **Expertise:** Web Development, Competitive Programming (200+ questions on various coding platforms)
- **Tools/Frameworks:** MySQL, Raptor, VSCode, Jupyter Notebook, StarUML, React
- **Soft Skills:** Communication, Teamwork, Problem-Solving, Leadership

PROJECTS

- **Resolver – Incident & Task Management Mobile App**
 - Developed a mobile-based incident management system inspired by Jira and xMatters using React Native, Node.js, and MongoDB.
 - Implemented ticket (issue/task) creation, assignment, and status tracking (Open, In Progress, Resolved) with priority-based handling.
 - Built RESTful APIs using Express.js for efficient communication between frontend and backend.
 - Integrated real-time notifications and alerts for critical incidents to ensure faster response time.
 - Designed role-based authentication and secure data handling using JWT.
 - Enabled team collaboration through comments and activity tracking on tickets.
 - **Frontend:** React Native **Backend:** Node.js, Express.js **Database:** MongoDB
- **AI-Powered Mock Interview Platform**
 - Developed a full-stack web application that simulates mock interviews powered by AI, tailored to users' job roles and experience levels.
 - Integrated Gemini API to generate dynamic interview questions and provide detailed feedback, including strengths, improvement areas, and correct answers.
 - Implemented authentication, interview grading, and review history with insights and AI-suggested corrections.
 - **Frontend:** Next.js, Tailwind CSS **Backend:** Gemini API **Database:** PostgreSQL (Neon), Drizzle ORM
- **Bus Ticket Booking System**
 - DBMS project where I developed a website that allows users to register, log in, and book bus tickets.
 - Implemented user registration and login functionality, allowing users to book and cancel bus tickets as needed.
 - Utilized MySQL for managing data related to users, bus details, seat availability, and fare information.
 - Focused on ensuring smooth data handling, user-friendly interactions, and efficient ticket management.
 - **Frontend:** HTML, CSS **Backend:** JavaScript **Database:** MySQL

ACHIEVEMENTS

- Currently among top 3 students in my current CSE 2027 batch of 130 students.
- Overall school topper of Class 12th board examination with 95 percent.
- Achieved distinction as one of the regional toppers in CBSE Class 10 board examinations and ranked among top 10 students in Panchkula district.

EXTRA-CURRICULAR

- Member of the Kabaddi team at NIT Delhi; bagged silver medal in the All India Inter NIT Kabaddi Tournament.
- Secured first rank in the Swami Vivekanand Quiz Competition and represented my school at the district level.

COURSEWORK

- Data Structures and Algorithms, Database Management System, Operating System, Computer Architecture and Organization, Artificial Intelligence, Software Engineering
